sofie johansson

Creative frontend developer with a long background in hospitality. I really enjoy creating stylish, user-friendly web solutions and work best when I get to collaborate in a team, solve problems and build cool things with code.
**Currently studying at Technigo and looking for an internship (LIA) for fall 2025.**
SOFT SKILLS

- Solution-oriented & adaptable
- Team player & communicative
- Responsible & independent
- Curious & always eager to learn
- Used to a fast-paced environment & quick problem-solving

HARD SKILLS

Frontend: **HTML, CSS, Flexbox, JavaScript, TypeScript, React, responsive design, web accessibility**.
Backend: **Node.js, MongoDB, SQL, JSON, APIs.**
Tools & workflows: **Figma, CMS, GitHub, pair programming, mob programming, agile development.**
